Assembly & Operating Instructions

PLEASE KEEP A COPY OF YOUR RECEIPT WITH THESE INSTRUCTIONS.

WARNING: Do not turn prop on until fully assembled. Stay clear of the prop while operating. Keep all plastic & wire parts away from children.

Prop is intended for use with included components.
For optimum performance, do not add additional weight onto prop.

Estimated Build Time: 10 minutes

PARTS:

FRAME:

A. Base

B. Lower Pitchfork Poles (x2)

C. Middle Pitchfork Pole with Loop

D. Upper Pitchfork Pole with Loop

E. Pitchfork Top

F. Torso Frame with Control Box

G. 6V2A Adapter

FIGURE:

H. Right Arm

J. Head

I. Left Arm

DRESSING:

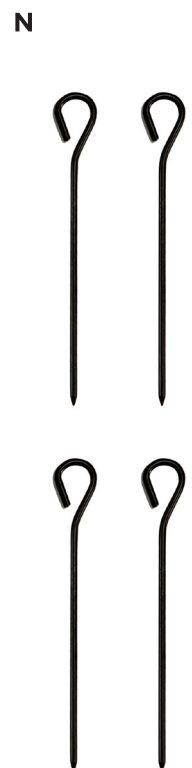

K. Brown Coat

M. Scarf with IR Sensor

L. Inner Black Fabric

HARDWARE:

N. Stakes (Part N)

ASSEMBLY

1

Place the Base (Part A) on a flat surface.

2

Connect both Lower Pitchfork Poles (Part B) to the Base (Part A). Ensure the spring pins snap & lock into place.

3

Connect the Middle Pitchfork Pole with Loop (Part C) to the Lower Pitchfork Pole (Part B). Ensure the spring pin snaps & locks into place.

4

Connect the Upper Pitchfork Pole with Loop (Part D) to the Middle Pitchfork Pole with Loop (Part C). Ensure the spring pin snaps & locks into place.

5

Connect the Left Arm (Part I) to the Loop on the Middle Pitchfork Pole (Part C). Attach the left glove to the pole using the hook & loop strip on the glove.

6

Connect the Right Arm (Part H) to the Loop on the Upper Pitchfork Pole (Part D). Attach the right glove to the pole using the hook & loop strip on the glove.

7

Thread the sleeves of the Brown Coat (Part K) through both arms (Part H & I).

8

Put the Inner Black Fabric (Part L) on the Torso Frame with Control Box (Part F).

9

Insert the Torso Frame with Control Box (Part F) through the back of the Brown Coat (Part K) and connect to both arms.

10

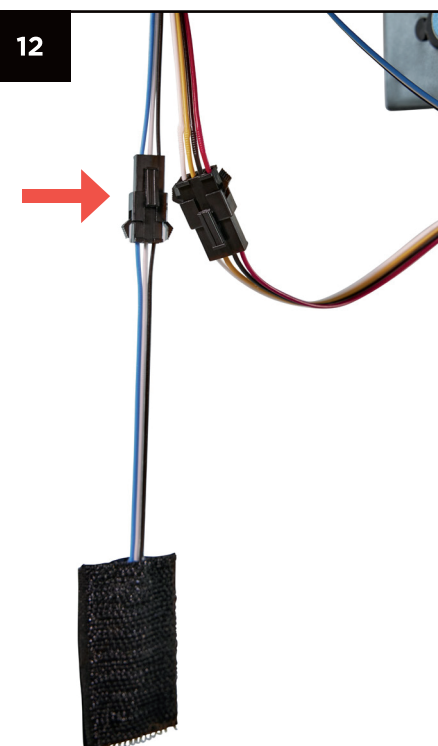

Attach the Head (Part J) to the Torso Frame with Control Box (Part F).

11

Place the Scarf with IR Sensor (Part M) around the neck below the Head (Part J).

12

Attach the wire from the Torso Frame with Control Box (Part F) to the Scarf with IR Sensor (Part M).

ASSEMBLY

13

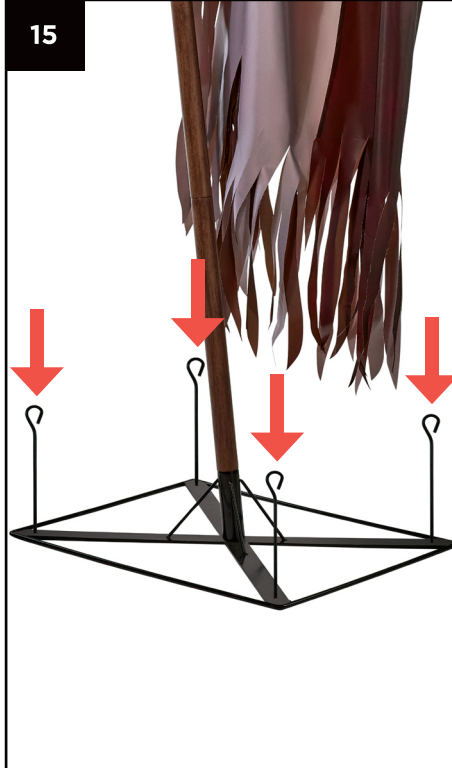

Attach the wire from the Torso Frame with Control Box (Part F) to the wire from the Head (Part J).

14

Plug one end of the 6V2A Adapter (Part G) into the Control Box and the other end into a suitable power outlet.

15

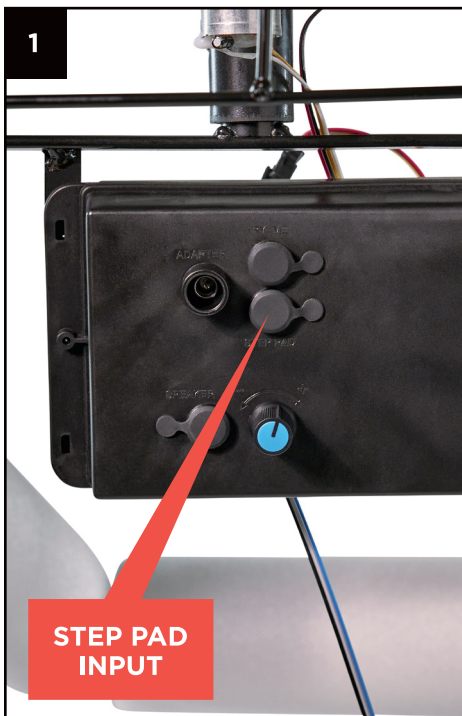

Secure the Base (Part A) with the Stakes (Part N) to the ground.

IMPORTANT INFORMATION

1. The infrared sensor distance & ambient temperature are directly related. When the body temperature (98.6° F) is different to the ambient air temperature, the infrared sensor distance will be farther. When the body temperature (98.6° F) is close to the ambient air temperature, the infrared sensor distance will be shorter.
2. Do not use this item in an environment where air currents are caused by a window, air conditioning, or air outlet.
3. Do not have the infrared sensor face a direct source of heat such as a heater.

OPTIONAL STEP PAD SETUP

Follow steps 1 through 15 on the assembly instructions, then connect the wire from the optional Step Pad to the jack labeled "STEP PAD" on the control box.

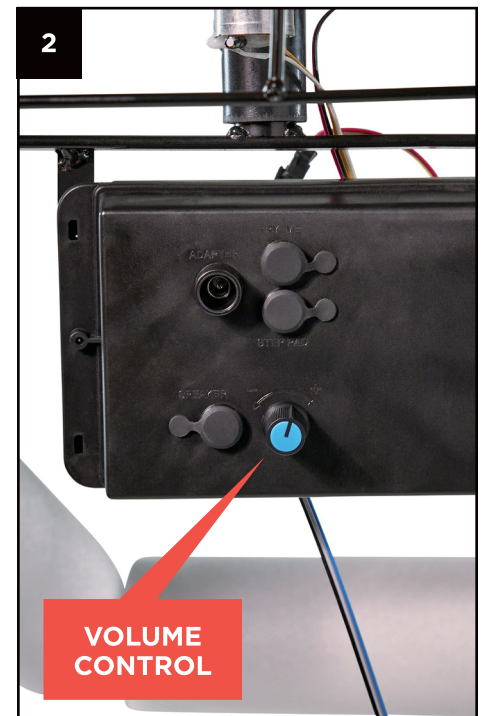

Step on the Step Pad to activate the prop. Step Pad is sold separately & can be purchased in-store & online at www.SpiritHalloween.com

OPTIONAL EXTERNAL SPEAKER SETUP

Follow steps 1 through 15 on the assembly instructions, then connect the wire from your external speaker to the jack labeled "SPEAKER" on the control box.

Use volume control to adjust volume level to suit. Note: External speaker is sold separately. Use external speakers with an impedance of 8 ohms only.

OPTIONAL MULTI-PROP REMOTE SETUP

Follow steps 1 through 15 on the assembly instructions, then connect one of the transponders to the prop by inserting the wire of the transponder into either the Try Me or Step Pad jack as labeled on the control box.

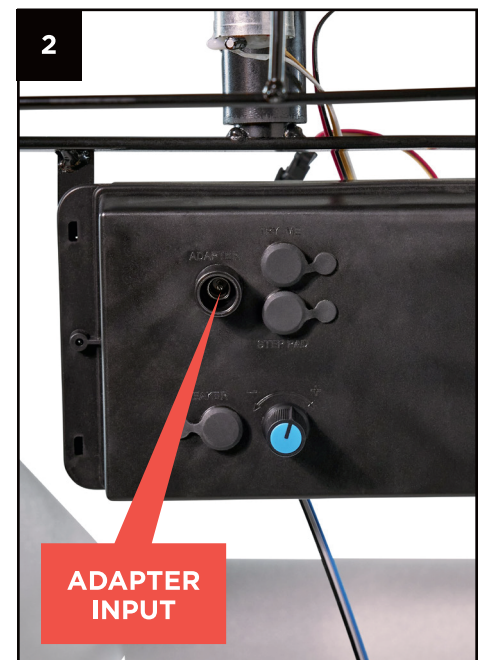

Press the corresponding button on the Multi-Prop Remote to activate prop. Multi-Prop Remote is sold separately & can be purchased in-store & online at www.SpiritHalloween.com

OPTIONAL BATTERY ADAPTER SETUP

Follow steps 1 through 15 on the assembly instructions first, then install 4 D 1.5 V Batteries into Spirit Battery Adapter. Spirit Battery Adapter is sold separately & can be purchased in-store & online at www.SpiritHalloween.com

Connect wire from Spirit Battery Adapter to the 6V 2A adapter port on the control box. Turn switch on Battery Adapter to the ON position to power the prop.

WARNINGS

- This product is designed for indoor or covered porch use only, & should not be placed outdoors subject to the weather.
- This item is not a toy. For decoration only.
- Choking hazard due to small parts.
- Keep all plastic & wire parts away from children.
- This product is intended for use by persons 15 years of age & older. Not intended for use by children ages 14 & under.
- PLEASE KEEP A COPY OF YOUR RECEIPT WITH THESE INSTRUCTIONS.
